Incorporation

The Combat Veterans Motorcycle Association® (CVMA®) became officially incorporated in Missouri on the 1st day of September in 2001 for the purpose of "Camaraderie among combat Veterans of the USA from all wars/conflicts".

The Original 45 (O-45)

The origins of the CVMA can be best explained by some of the O-45 themselves. The video links below have interviews with O-45 members going into some detail of the pre-Association days and additional information about patches and personalities and thoughts of the growth of the CVMA over the years. The interviews are conducted by FM-2065 John "White Lightning" Ray. Click on the images for the video links.

After the decision was made to form a legitimate Association, the initial head count was 45 – based on the email recipients that voted to form this Association. DaddyDawg became the first President and established the numbering system. This table shows the known O-45. It is unlikely the remaining 11 members will ever be identified, but it is thanks to all the O-45 that the CVMA exists today.

The Patch

The patch originated from the Combat Veterans Motorcycle Club (CVMC), which was not accepted by established MCs and resulted in some problems for members wearing it. The evolution from the internet scam CVMC to a legitimately established Association included a few variations of the back patch over time. This included a brief handshake partnership with the VFW, where the VFW Maltese Cross was placed in the center of the back patch. Eventually, the CVMA members received word that the VFW did not approve a permanent partnership. At that point, the Maltese Cross was removed and the original Skully (as we know it now) was placed in the center of the back patch. The NBOD filed for trademark of this Full Member back patch on 3 April 2003 and it was finally registered on 31 August 2004. The ® is now on all FM back patches.

Within the O-45, membership included Full Members (Combat Service), Auxiliary Members (Spouses), Honorary Members (Military Service without combat), and Support Members (friends and family). In the first couple of years, all members had a large back patch. At the 2003 National Meeting, the Supporter class (family and friends) would no longer wear a back patch (then current members were grandfathered). They could wear a small I support patch on the front of their vest. At the 2005 National Meeting, the Supporter class was changed to be Military without combat. Also, at the 2005 Meeting, the Auxiliary and Supporter were authorized to wear the 10" back patch. Non-military supporters would continue to wear the small I support patch on the front of the vest. At the 2007 National Meeting, Auxiliary were removed from the Full Member rolls (as in the O-45) and placed in their own Auxiliary rolls (per IRS requirement). The requirement for Auxiliary to be the legal spouse was also implemented at the 2007 Meeting. Grandfathered Supporter or Auxiliary members were moved to Honorary status, with no ability for new Honorary members to join the CVMA.

Original CVMC patch

FM-2 Earl "Doc" Reichard's 3 piece

Patch of FM-14 Joe "Whiskey Joe" Causey

Patch of FM-7 Richard "DaddyDawg" Mabry

Patch of FM-17 Nueboch "Blackhorse" Vandermast

Patch of FM-25 Mike "Gunner" Minor

Designed one-piece patch of FM-49 Bob "Rags" Sebetka

The CVMA/VFW patch combination

Patch of FM-28 William "T-Bone" Gracy with O-45 tab

Original CVMA Auxiliary Patch

Original CVMA Supporter Patch

The back patch filed for trademark on 3 April 2003

The National Meeting/Convention

The initial National Meetings were held at various campgrounds with a lake in most cases. As the Association grew, the National Meetings moved to hotel conference rooms until we reached our current needs which require the National Meetings to be held in large auditoriums and convention centers.

From left to right; FM 19 Willie P, AUX 34 Ramblin Lady, FM 50 LaidBack, FM 25 Gunner, FM 23 Ice Cube, AUX 26 Sleepy, AUX 24 OzarkFilly, FM 7 Daddy Dawg, AUX 8 Dawgette, FM 32 Loner, FM 17 Blackhorse, and AUX 18 Nightmare.

Notice the Original 45 patches worn on front of the vests and the new VFW style backpatch displayed on the banner.

Notable Items

National meeting: Eureka Springs, Arkansas, September 6, 2003

Meeting was brought to order by Gunner, CVMA President

First order of business was a discussion of CVMA sanctioned events. All members were encouraged to participate in CVMA sanctioned events and veteran events. If possible, in person and if that cannot be done, members are encouraged to donate to these causes when possible. Members were reminded that the CVMA is not about "me" but to support Veterans.

Cycle Connections (CC) Interview on May 1, 2004, with FM 25 "Gunner" past president:

CC: What drove you to create a new veteran motorcycle organization and web site?

Mike: We found that many veteran web sites were not placing enough emphasis and focus on Veterans and their unique issues.

CC: What message does your club want to send out to fellow veterans and the community?

Mike: We are veterans for veterans and are willing to help those which are in need at anytime and anywhere.

CC: What message does your club want to send out to fellow veterans and the community?

Mike: We are veterans for veterans and are willing to help those which are in need at anytime and anywhere.

CC: What else should I share with our readers about your association?

Mike: For he who has fought this day and shed his blood will be my brother. We are a social organization, which strives to help other Veterans in need.

Email from FM 17 "Blackhorse" NSEC dated Apr 26, 2007

"Understand that we are not a motorcycle club. We are an association of combat veterans who happen to own and ride motorcycles. We exist as an association, a support group for COMBAT veterans and veteran issues."

National Minutes in 2003

FM 71, Dennis "Vanilla Vet" Vanill offers to set up the web site on his server without cost. Also with talk generated concerning CVMA merchandise for members only the "CVMA Store" becomes a reality.

National minutes in 2004

Debates of controlling the CVMA backpatch lead to the NBOD to institute a plan to control and recover them. The establishment of Life Membership requirements were voted on.

Email from FM-1405 Mike "Ghostrider" Hampton dated Apr 25, 2012

An Alpha-Omega Roster was started on the National Website.

VETS HELPING VETS

Email from Spiderman on Oct 16, 2014

VHV patch became part of the store in late AUG 2008. A member found me in the store in Spearfish (2008) wanting to buy the patch he saw on another member. I didn't have the patch and indicated I would look into making one available through the store. Soon after that National Meeting, I did just that.
